

On-Site Training

We'll Come to You!

On-Site Overview

- Two days of intensive hands-on mold polishing training at your shop led by one of our Master Mold Polishers
- Work with the latest products and technology for mold polishing
- Option to work with our demo block, or have a tailored session with your own part
- Equipment and tools provided by Gesswein

Meet the Instructors

Our instructors are seasoned professionals in the art of mold polishing with extensive expertise. They specialize in achieving consistent top-notch finishes and have trained over 700 working professionals.

Steve Smith

Over 50 years experience in mold polishing and coaching, Steve developed his skills working as a Supervisor at Caco Pacific for the majority of his career. He's now retired and we're lucky that he's become our consultant and instructor.

Donald Gonzalez

Over 40 years experience in mold polishing, Donald started his apprenticeship in 1979 at Caco Pacific moving onto The Kipp Group for a total of 11 years. He then started his own mold polishing business at DG Mold Polishing, which he currently runs today with his family.
